Sir

Sanj 4-25-3

With reference to G.O.NO. L. 2402-23/San 4-25-2 dated the 6th October 1925 asking me to prescribe a suitable form of indent for supply of Vaccine Lymph to the Vaccinators, I have the honor to enclose a form of indent now in use from which it will be seen that the Vaccinator has to render account for previous supplies of Vaccine Lymph when asking for a fresh supply. As the Presidents of Local Boards bear the cost of the Lymph they have to scrutinise the bills and for this purpose should keep themselves informed of the supplies indented for by the Vaccinator from time to time. In these circumstances, the procedure I would suggest is that each Vaccinator should submit a copy of the indent to the President of the Local Board concerned simultaneously with that forwarded to the superintendent of the Vaccine Institute. There appears to be no need for specially prescribing a new form altogether.

I have the honor to be,
Sir,
Your most obedient servant,

B Mahomed Usmon
